

## WEALTH

- 1) I now confidence have found  
To always be around
- 2) I intend to continue to succeed  
No matter how hard a deed
- 3) I am having a financial success  
No more in a mess
- 4) I am getting a very good job  
To earn quite a few bob
- 5) I am having a successful career  
To toast to with a cheer
- 6) Prosperity is coming my way  
With no delay
- 7) I take work, one step at a time  
And never decline
- 8) I don't ever descend  
But know I'll get there in the end
