

The Friendship Of Jesus

1. With Jesus's wishes for us upon this earth
Made known very truly upon his birth
Be to each and every neighbour a good friend
We're to do without an end
We should really all play a part
In being truly heart to heart

2. As Jesus met Peter whilst having a fish
And he promised to keep the true Lord lovers wish
We together by continuing in him our true belief
Could find to trouble in this world a big relief
We should really all play a part
In being truly heart to heart

3. Like Jesus did provide the believers bread and wine
Making them go from trouble to feeling fine
What we entirely must
Is put in God our full true trust
We should really all play a part
In being truly heart to heart

4. The Lord God from heaven above
Watched as Jesus spread out wide his love
Though those that didn't give a toss
Where soon to have Jesus put upon the cross
We should really all play a part
In being truly heart to heart

5. The disciples noticing things go in the wrong direction
Where soon to their amazement see the resurrection
Yes to their smile Jesus was once more around
As in the future to us he'll also be found
We should really all play a part
In being truly heart to heart
