

Eye To Eye

- 1) The colour of your eyes
You cannot at all disguise
Because to my one and only heart
They really play a part
It definitely seems
You're the partner of my dreams

- 2) In them to be seen
Is the lovely colour green
And I'm going to look at them
Time and time again
It definitely seems
You're the partner of my dreams

- 3) If you were to ever go
A broken heart I'd show
And giving you a kiss
I would really miss
It definitely seems
You're the partner of my dreams

- 4) You've forever played a part
In warming up my heart
And really showed some care
Had quite a lot to share
It definitely seems
You're the partner of my dreams

- 5) We're in love, truly so
Everywhere we go
Holding hands with a smile
For oh quite a while
It definitely seems
You're the partner of my dreams
