

Give Each Other A Smile

- 1) Some couples are together each day and night
Treating one another with true delight
Have been presenting each other a smile
For really oh quite a while
We should all give our neighbours and relations a grin
And a very happy true life begin

- 2) Some people think of nothing but trouble
And are therefore always having a grumble
I'd advise them to look on the bright side
Not their good all round capabilities just hide
We should all give our neighbours and relations a grin
And a very happy true life begin

- 3) If you're having a bit of a problem in life
Just turn to your loyal husband or wife
Or if you don't have a close partner yet
Go to one of your best friends with no regret
We should all give our neighbours and relations a grin
And a very happy true life begin

- 4) Whether or not in life you have a positive belief
You on your own are the big chief
You can looking on all the good sides be glad
Or just waste your valuable time by being nothing but sad
We should all give our neighbours and relations a grin
And a very happy true life begin

- 5) In healing trouble from this world we can all play a part
Day to day show everyone else a deeply warm heart
Wanted world-wide is the big power of love
Which can be fully obtained with the help of Lord God above
We should all give our neighbours and relations a grin
And a very happy true life begin
