

## Have A Merry Christmas And A Happy New Year

- 1) Now it approaches Christmas up with the decorations and many a Christmas tree  
Making everywhere a smart nice place to see  
Everyone have a smile on their face  
With a special thought of what happened many years ago  
With a special star high in space  
Have a very merry Christmas time  
Giving a cheer to everyone and other with a nice glass of wine
  
- 2) Christmas cakes, mince pies and large dinner meals give everyone a lot to digest  
Have everyone feeling their best  
Over Christmas a lot of people put on weight  
Which leaves them in the New Year with a diet to debate  
Have a very merry Christmas time  
Giving a cheer to everyone and other with a nice glass of wine
  
- 3) At Christmas time give each other a card  
With Happy Christmas wishes and due regard  
You give out many Christmas presents, and a few will be yours  
And all children will get many gifts from Santa Claus  
Have a very merry Christmas time  
Giving a cheer to everyone and other with a nice glass of wine
  
- 4) Following opening each other's presents on Christmas day  
It's time to get the making of Christmas dinner underway  
Have a nice family meal with one another  
Down with all the dinner, cake and mince pies made usually by the Mother  
The next celebration will be of New Years day  
Which isn't too far away  
Have a very merry Christmas time  
Giving a cheer to everyone and other with a nice glass of wine
