

## Me And My Soul-mate

- 1) I'm now going one further step up the mountain  
Watching the water fall down the fountain  
As all my troubles continue to drop  
I'm going to gradually make it to the top  
You should never descend  
You'll get there in the end
  
- 2) I've had lots of problems in the past  
Though they're now over-with at last  
With me fully intending to succeed  
No matter how hard a deed  
You should never descend  
You'll get there in the end
  
- 3) You are the absolutely perfect wife  
Who completely brightens up my life  
Together we're sharing the power of love  
Like that coming from the warm sun above  
You should never descend  
You'll get there in the end
  
- 4) The day you very first came my way  
I could turn all my loneliness away  
Knowing that sooner than it did seem  
I had found the one to fulfil my dream  
You should never descend  
You'll get there in the end
  
- 5) We'll now be together for a very long while  
Constantly giving each other a smile  
Since our tremendous nice day of a wedding  
To a long happier couple's life we've been heading  
You should never descend  
You'll get there in the end
