

## Music Is Forever Being Put Together

- 1) Many a great pop group has been putting together a song  
For extremely very long  
Writing many a word to go with each tune  
That being sung would have everyone over the moon  
Many a new song's put together each day  
Hip hip hurray
  
- 2) Most pop groups have someone with a tremendous voice  
Who singing to the public would be a very good choice  
A person whose voice has been a gift  
To many a lovely song note lift  
Many a new song's put together each day  
Hip hip hurray
  
- 3) For each true singer and song  
A very good tune is played along  
Having people to each musical beat  
Enjoyably dancing away both their feet  
Many a new song's put together each day  
Hip hip hurray
  
- 4) Each star singer and band give musical songs a go  
Both live and on the radio  
Sometimes great to be listened to originally from a microphone  
Whether with friends or just on your own  
Many a new song's put together each day  
Hip hip hurray
