

Our True Love

- 1) When it comes to lovely lady you
You come to my heart more than quite a few
Yes you're such a true beautiful love
Appear to have come from heaven above
I've been wanting to sing you a lovely song
For very, very long

- 2) We've been giving each other a signal of a smile
For a very very long while
Really playing a tremendous part
In sending a message heart to heart
I've been wanting to sing you a lovely song
For very, very long

- 3) We've now agreed to have plenty a dance
Moving to each song full of romance
With full intention to entirely get together
And be apart again never
I've been wanting to sing you a lovely song
For very, very long

- 4) Now I've given you an engagement ring
And asked you a very special thing
You've given me the answer 'Yes' to my delight
Which will have me crying with happiness all night
I've been wanting to sing you a lovely song
For very, very long

- 5) We'll now as a warm hearted couple be together forever
Go in any different direction never
Be to each other an entirely full loved husband and wife
Until we both on earth do end our life
I've been wanting to sing you a lovely song
For very, very long
