

## Sharing A Heart

- 1) All people should give and receive  
All the love in which they believe  
Be loving and caring  
And warm heart sharing  
Everyone wants a partner with whom to play a part  
And really share a heart
  
- 2) I often play the guitar in the band  
Using my hand  
And with plenty a love song  
Play my music along  
Everyone wants a partner with whom to play a part  
And really share a heart
  
- 3) I'm sure true love is on the way  
Getting nearer day by day  
There'll soon be no more tearfulness  
But you full of cheerfulness  
Everyone wants a partner with whom to play a part  
And really share a heart
  
- 4) In this world there's a lot of romance  
Someone with whom to have a lovely dance  
And be together forever  
Alone again never  
Everyone wants a partner with whom to play a part  
And really share a heart
