

## Someone To Have By My Side In The Countryside

- 1) I met a friendly lady in the park  
At which my small dog gave a welcome bark  
We gave each other a polite smile and said 'hello'  
Before at having a chat we had a go  
Never let your true dream of love descend  
You'll get the right one in the end
  
- 2) At the same time as have an introductive talk  
We through the nice countryside had a short walk  
Observing many a flower and blossomed leaf tree  
A much pleasant atmosphere for her and me  
Never let your true dream of love descend  
You'll get the right one in the end
  
- 3) We then having through the forest shared things out  
Had formed a nice friendship without a doubt  
We to have a rest, on the countryside bench took a seat  
To chat a little bit more, whilst resting each of our feet  
Never let your true dream of love descend  
You'll get the right one in the end
  
- 4) Then whilst I noticed a nice leaf fall from a tree  
She said she'd like to keep in touch with me  
We gave each other a contact note without a lie  
Before I gave her a pleasant kiss goodbye  
Never let your true dream of love descend  
You'll get the right one in the end
