

The Strong Wind Of Love

- 1) It's reached the pleasant at sea holiday time
And out there for you and me all is going fine
We've as a couple been very brave
At sea taking to many a wave
Now we've gone sailing on our special yacht
We want the strong wind of love to never stop

- 2) Along with the blue skied weather proving so fine
We together have felt the lovely sunshine
Giving each other a very special smile to note
Whilst both keeping our yacht afloat
Now we've gone sailing on our special yacht
We want the strong wind of love to never stop

- 3) Whilst keeping our hearts afloat at sea
It's sun catching for you and me
We're having a lovely across the ocean time
To when at land be very much drunk to with wine
Now we've gone sailing on our special yacht
We want the strong wind of love to never stop

- 4) Although our over-sea couples journey is now approaching an end
We'll always, at land and sea, be each other's truly loved friend
Yes we're definitely fully hand in hand to stay
Both on this and every day
Now we've gone sailing on our special yacht
We want the strong wind of love to never stop
