

Defender Phil Neville

- 1) Phil Neville, born in January 1977, attended Elton High School
Proving as a junior club captain in football he was no fool
Then in season 1994-95 he was to occasionally play for Man United
Before he had 10 years properly playing for them, for which he became delighted
- 2) Phil took part in winning 6 Premier League titles and 3 FA Cups yes
With him and his brother Gary doing quite well at Man United or so I guess
He won the Intercontinental Cup and Champions League too
Being cheered on by oh quite a few
- 3) To keep his chance to play football quite regularly alive
Phil joined Everton in the year 2005
He played for England 59 times as-well
In 3 European Championships with them doing quite well
- 4) Phil married Irish Julie in 1999
With their children to be, Harvey and Isabella, getting on fine
But with Isabella to suffer cerebral palsy slightly
He was also to support many a good charity
- 5) Phil was also to be a coach at Man U
Seeing what he could get everyone to do
Followed by him being head coach of England Women's team
Trying to get them all career-wise to fulfil their dream
