

Defender Wes Brown

- 1) Before having a football career that went quite fine
Wes Brown was born in Manchester on the 13th October 1979
Following playing for the Man United junior team
July 1996 until July 2011 playing for their Premiership club he did fulfil his dream
- 2) Wes was going to be completely delighted
With his 15-year career at Manchester United
As a defender centre-back he covered oh quite a distance
And to club and country was to come of great big assistance
- 3) Whilst shaking many other teams up
Wes with Man United was to win plenty a different cup
7 Premiership trophies and 2 FA cups yes
And 2 UEFA Champions League trophies or so I guess
- 4) In the season 1998/99 Wes and colleagues were proud of a treble win
Which brought to all the Man United fans a very big grin
He then took part in the World Cup 2002
Seeing what as a defender for England he could do
- 5) In July 2011 Wes went to Sunderland and 1 or 2 other clubs to play
Until in July 2018 he retired with no delay
Now having more time for Leanne Wassell his wife
And to treat her and their 3 daughters to lots of different things in life
