

Football Legend George Best

- 1) When it came to George Best
He was better than all the rest
Playing midfielder most of all
Scored plenty a magnificent goal
- 2) As time had to deeply tell
Under Matt Busby George did very well
Won the League Championship twice with no debate
Before winning the European Cup in 1968
- 3) George played for Man United 1963 until 1974
Showing more talent than ever before
Played 37 caps for Northern Ireland too
For both teams scored oh quite a few
- 4) Towards the end of his football career
George started drinking too much beer
And was gambling all the time
With his winnings not going fine
- 5) Despite his silly ways including womanising
When it came to football skills he had no disguising
In 1968 he was European Player of the Year
Which brought to many of his fans a very big cheer
