

Midfielder Bryan Robson

- 1) Bryan Robson born in January 1957
Was to take Man United's trophy gaining to heaven
Getting them winning games before much time was gone
He was signed by Ron Atkinson in the year 1981
- 2) Bryan who was soon going to have a lot to do
Immediately replaced Ray Wilkins as Captain at Man U
He was also soon to Captain England in some World Cups too
And with 26 goals for them game-wise win quite a few
- 3) Bryan with Man U won the F.A. Cup on many an occasion
A fact of which all the fans need no persuasion
As a midfielder he was one of the best
Much better than most of the rest
- 4) Under Sir Alex Ferguson in the seasons 1992/93 and 1993/94
Bryan achieved something he'd dreamed of many times before
Both these seasons he helped Man U win the Premiership yes
For him and lots of others a very big thrill or so I guess
- 5) Bryan left Man United and retired from playing football in May 1994
Having despite lots of injuries played successfully for them
And England many times before
He then as a Manager went to help Middlesbrough out
And assisted them in making it to the Premiership without a doubt
