

Motivational Man United Captain Steve Bruce

- 1) Steve Bruce in December 1987 started at Man U
Was soon to be valued by quite a few
As a central defender with Gary Pallister he did very well
Just as the future years deeply had to tell
- 2) Steve preventing the opposition getting too many a goal
Defended quite well on the whole
Whilst at Man U he scored 51 goals himself
Resulting in plenty a medal to put upon his home shelf
- 3) Steve with Man U went on to often win
A Premier Championship and F.A. Cup
Shaking lots of other good teams up
He even became Captain when Bryan Robson left Man U
And lead his team to successful winnings too
- 4) In June 1996 Steve left the club Man United
Having him often had Sir Alex with him delighted
He had really for them played quite well
Both in the beginning and especially in what time had to tell
- 5) Steve went on to himself become a Football Manager for ages
Making good and bad headlines on the sport pages
Was to be in charge of plenty a Premiership team
Each with winning a Trophy their big dream
