

Striker Dwight Yorke

- 1) Dwight Yorke joined Man United in August 1998
A signing which for Sir Alex was to prove no mistake
As the next few seasons had to tell
Him and Andy Cole played up front together very well
- 2) Dwight scoring many a goal to make the fans delighted
Assisted in winning The Premiership Trophy for Man United
With the 1998/99 year Treble never to be forgot
He helped them win it three seasons on the trot
- 3) With for him and his football talent everything going fine
Dwight got the 'English Premier League Golden Boot Award' in 1998/99
A year in which he'd helped Man United win the European League Championship yes
Proving he was the best in form striker more or less
- 4) Dwight having scored really oh quite a few
Helped Man United win the FA Cup too
Giving each of the opposing teams goalkeepers lots of regret
He was very good at getting the football in the net
- 5) Dwight whilst with Man United deeply pleased me and you
Then he moved to play at Blackburn Rovers in 2002
Also to fulfil his international football playing dream
He was to be often in the 'Trinidad and Tobago' team
