

Striker Mark Hughes

- 1) Mark Hughes was first to be seen by you and me
When he made his Man United debut in late 1983
Together having quite a lot of fun
He then had a strikers' partnership with Frank Stapleton
Mark was always scoring a goal
Playing very well on the whole

- 2) Mark went to Barcelona and Bayern Munich for a few years
Before he returned to Old Trafford to lots and lots of cheers
Starting scoring for Man United once more
Playing better than he'd ever done before
Mark was always scoring a goal
Playing very well on the whole

- 3) Under Sir Alex, Mark did really very well
As time deeply had to tell
He assisted in shaking many teams up
Winning many a Premiership and European Cup Winners' Cup
Mark was always scoring a goal
Playing very well on the whole

- 4) Mark after keeping the Man United trophy winning spell alive
Played his last season for them in 1994-95
Then went to many other Premiership Teams
To continue his Cup Winning dreams
Mark was always scoring a goal
Playing very well on the whole

- 5) Mark picked up 2 'Player of The Year' awards yes
Performed very good or so I guess
Also he picked up an MBE and OBE award
All his successful career needs to be deeply applaud
Mark was always scoring a goal
Playing very well on the whole
