

20 Years Of Disability Equality North West

- 1) Now for 20 years Disability Equality North West has been going
Lots of help for lots of different disabled people showing
With information, advice, voluntary work and hate crime they've helped people out
And done that without a doubt

- 2) To get things going right for you and me
Disability Equality have organised many a campaign and policy
Because with some forms of discrimination to beware
They want everyone treated quite fair

- 3) Disability Equality do lots of fund raising yes
Need money to continue giving people good support or so I guess
If ever anyone can give a small donation
For the sake of others please do so with no hesitation

- 4) In July 2016 for Disability Equality North West we're having a party with lots of cheers
To celebrate it being successfully run for 20 years
Covering oh quite a long distance
To disabled people especially come of deep assistance

- 5) Plenty of staff and volunteers support Disability Equality
Doing lots of different tasks for you and me
And we hope through them and other people all continues to go well
In what the future has to tell
