

AFC Fylde Charity

- 1) Through AFC Fylde community centre
First Chris gave me career advice like he was meant ta
Then to help me all he can
I had some job hunting tips from Stan
And for many a good reason
AFC Fylde Football Club is going up next season

- 2) Together with their colleagues they're covering oh quite a distance
To many other people come of assistance
Along with helping people find a job to do like they ought
They're encouraging everyone to do a lot more sport
And for many a good reason
AFC Fylde Football Club is going up next season

- 3) Doing everything for a very cheap price
They're a charity that's quite nice
Under Supervisor Tom they want to help others out
And put plenty of effort into that no doubt
And for many a good reason
AFC Fylde Football Club is going up next season

- 4) Working together they also have a G.S.O.H
And that's not just a rumour
They have a good team spirit yes
Which in each business is of value or so I guess
And for many a good reason
AFC Fylde Football Club is going up next season

- 5) We all hope this charity continues to do well
In what the future has to tell
Because lots of the Fylde population are going to rely on them
Time and time again
And for many a good reason
AFC Fylde Football Club is going up next season
