

## A Bright Holiday Time

- 1) On our holiday you can do what you like  
Maybe go out on your bike  
Or instead go for a hike  
Together with your colleague Mike
  
- 2) Yes together in the sun  
We can have quite a bit of fun  
Following a day of touring done  
It's time to go for a quick run
  
- 3) Then when it reaches night  
And it's no-where near as bright  
We will all turn off many a light  
Hoping while asleep we have no fright
  
- 4) We'll then get up early in the morning  
Whilst occasionally yawning  
Just as the sun is dawning  
And all the nice plants are thorning
