

A Super Poem about 'Superman'

- 1) A child on Universal planet Krypton was born
On a very badly dangerous morn
Then to avoid suffering death just after his birth
He was sent by a special space craft to earth

- 2) After on earth the space craft did land
A nice farmer and wife took the child in their hand
To come to terms with things
They had to come oh quite a length
When they discovered this child's extremely very big strength

- 3) This child to be called Clark Kent was in the town Smallville to grow
With a large number of capabilities to show
He was a hero called 'Superman' to become
Who went round saving entirely every-one

- 4) Superman went to the City of Metropolis to live
Where at 'The Daily Planet' as Clark Kent
He had many a news story to give
With his colleague Lois Lane he became a very good reporter
Together they did all that they ought ta

- 5) Clark Kent when changed to 'Superman' solved crime after crime
Preventing them all including Lex Luthor time after time
And forever and ever showing he was very brave
Very many a precious life he did save
