

## Being Haunted By Ghosts

- 1) In the house of horrors working as a host  
Quite regularly I have seen many a ghost  
Early in the morning the most  
Just after making myself some toast
- 2) Together they bring everyone a scare  
They're something to deeply beware  
Moving about here and there  
With us all giving them quite a frightened stare
- 3) All the ghosts are to be found  
Constantly moving around  
Making a horrible sound  
Sometimes coming from under the ground
- 4) I hope the Ghostbusters are on their way  
To be here with no delay  
Then we'll say hip hip hurray  
When they've taken all the ghosts away
