

Blackbeard

- 1) When it came to the pirate Blackbeard
He was very very weird
Going across the ocean on a trip
He invaded very many a ship
With a parrot on his shoulder
Blackbeard was always getting bolder

- 2) Blackbeard after having trouble with his leg
Ended up with a wooden one instead
Through his ship's crew to be applaud
He was still very clever with his sword
With a parrot on his shoulder
Blackbeard was always getting bolder

- 3) Blackbeard really had a pleasure
In counting all of his treasure
Through being a pirate he'd largely got hold
Of plenty of silver and gold
With a parrot on his shoulder
Blackbeard was always getting bolder

- 4) Many people became a captive of Blackbeard yes
And were very afraid or so I guess
Some got killed really quite frank
Whilst one or two were made to walk the plank
With a parrot on his shoulder
Blackbeard was always getting bolder
