

Bonfire Night

- 1) It has now to everyone's delight
Reached a special bonfire night
Time to see fireworks in the sky
Making a noise without a lie

- 2) Now very late at night
The sky has become very bright
With colour flashes going everywhere
Giving youngsters and dogs a bit of a scare

- 3) With a large gathering of a few
Bonfires are being set up too
Giving Guy Fawkes a celebration
With not a bit of hesitation

- 4) At these events with, of the public, quite a lot
A supper of hot-dogs is rather quickly got
And with entertainment all going fine
Everyone has a really good time
