

Bossy Business Management

- 1) I'm the leader of the pack
So do your work or else you'll get the sack
You'd better get things right
Or I'll have you working all night

- 2) Now here I don't want you to doss
So listen to the boss
Any more messing about
And you'll get a clout

- 3) Now really concentrate
With your work don't be late
We've got to get things done
There's no time for fun

- 4) I want everything complete
Whether or not you've worn off your feet
The Chief's the one we've got to obey
So please work hard all day
