

## Bugs Bunny

- 1) One of the cartoon characters who's most funny  
Is the one called Bugs Bunny  
Who whilst looking at many a parrot  
Is very often eating a carrot
- 2) He's often unable to be found  
Because he's busy underground  
Though he pops up here and there  
Giving every passing thing a stare
- 3) Sometimes to his big disgrace  
The hunter gives Bugs Bunny a chase  
Though being as good a hider as he ought  
He never ends up being caught
- 4) Bugs Bunny is always catching the hunter out  
And that's without a doubt  
In the countryside to be found  
He's always running all around
