

## Freckleton Brass Band

- 1) In Freckleton there's a nice brass band  
Who play music that's very grand  
Using many a trumpet, trombone, and many other instruments too  
They give entertaining music to quite a few
  
- 2) As many a club day takes place  
They whilst walking round town bring a smile to everyone's face  
They play many a nice different tune  
Which has spectators completely over the moon
  
- 3) Whilst playing music here, there and everywhere  
A nice smart uniform they wear  
Yes at the same time as playing music to the heart  
They dress quite extremely smart
  
- 4) They on a regular basis meet  
Sometimes on a long parading feat  
Reading the notes without any at all delaying  
Are through regular music instruments nice tunes playing
