

Getting Hot in Egypt

1. Me and my parents once went to Egypt
Having at home got fully equipped
We were flown there by plane
Though I doubt we'll ever go again
2. Whilst there bringing to each of us a smile
We went on a ferry down the Nile
There really was quite a good view
The number of pyramids to be seen oh quite a few
3. In this foreign country we found it very hot
One reason why go back there we'll probably not
Getting quite warm with a bit of sun burn
We had of Egypt's high temperatures to learn
4. As on holiday doing all that I ought ta
I very often wanted a nice drink of water
Walking round in all the heat
Had me thirsty and worn off my feet
5. Touring Egypt we had a lovely all round sight
Looking at everything with great delight
Although it was sometimes a little too boiling in the sun
We had there really quite a bit of fun
