

## Going For A Walk

- 1) After pulling up my left sock  
I went for a walk round the block  
Not too far from the dock  
Where there's a nice big church clock
  
- 2) I then walked along the shore  
That I'd been to many times before  
Seeing the sight that I adore  
Some boats to be seen sailing once more
  
- 3) Next the total sea front I did reach  
And I went for a stroll along the beach  
Where I used to take the kids I once did teach  
Who did enjoy it, them each
  
- 4) Completing a teaching career which I did admire  
Just a few years ago I managed to retire  
Now enjoying the spare time walk I often require  
Only in winter staying at home by the fire
