

Golfing

- 1) On each Golfing Green
There's a lot of people to be seen
Playing in the sun
Seeing what can be done

- 2) First of all they all put down a tee
And see if the Flag-hole they can see
They then place their golf-ball down
On each hole, with a smile or frown

- 3) They then hit it very high
And watch it take to the sky
Hoping with a bit of wind assistance
It'll cover oh quite a distance

- 4) The Golfers each on the green get out their putters
From the nice ones to the nutters
They then attempt to make a putt on each green
With a lot of good shots to be seen

- 5) They all play as little a shot as they can do
Instead of quite a few
Each wanting to be the Championship Winner
Proving they're not just a beginner
