

## Having A Decoration

- 1) After brushing up my room  
Using the long broom  
With not a bit of hesitation  
I'm going to give it a quick decoration
  
- 2) Because I'm not very tall  
I'll need a ladder to reach the top of each wall  
Where sooner or later  
Will be hung up all the wall-paper
  
- 3) Then to everyone's delight  
I'll paint it red, black and white  
The colours which I see as the best  
Better than all the rest
  
- 4) Next is a carpet to be laid on the floor  
Like I've never seen before  
Then everything will be done  
And it'll be time to have some fun
