

Having A Think

1. After a bit of a careful think
I managed to find all the different ink
Following nearly choosing pink
I used black with a re-think

2. Although it was approaching early night
I had something to write
A poem without any fright
Just for everyone's delight

3. Me and my partner then had a link
Having the same meal after a careful think
Then whilst washing and drying the dishes at the sink
We gave each other a nice wink

4. Then with-out giving a nag
I asked for the bin bag
To throw in plenty a rag
As looking at the neighbours nice garden flag
