

In The Circus

- 1) In this town's circus you see quite a few
Who have a real lot to do
In the audience plenty amuse
Whichever act they choose
- 2) There is many a stunt done
For a bit of fun
Which requires many guts
And some so dangerous to do them is nuts
- 3) There is walking the high rope
I don't know how they really cope
Very brave they must be
You'd never see it done by me
- 4) A lot is done by different creatures
Which bring interesting features
Also many a clown and joke
That has all the watchers with laughter choke
- 5) All acts are all very amusing
The best one would take some choosing
They are all very entertaining
It's a pity they're not here long remaining
