

Love And Joyfulness

- 1) Love holds the key
Of setting you free
Victory through it is found
Emotionally all round
- 2) Joyfulness is very good
Outstanding all that it could
Yes, use it quite a lot you completely should
- 3) And amazement then comes your way
Nothing leading you astray
Developmental promises had each and every day
- 4) Delightfulness then comes about
Entirely without a single doubt
Laughter then totally had
Intending to avoid you from at all feeling sad
Gladness instead on it's way
Hip hip hurray
There's now all round triumphant happiness today
