

Many A Lorry Driver

- 1) For ages there's been many a large vehicle on the road
Plenty of goods, oil and petrol, constantly being toed
To lots of companies coming of assistance
Lorry drivers covering oh quite a distance
- 2) Each lorry carries such a large amount
All big shops and businesses on them regularly do count
They provide everywhere with stock
Some of them even ferrying dock to dock
- 3) Each lorry travels near and far
Whilst often being overtaken by a motor-bike or car
Though for each delivery to go quite fine
They always aim to get to places well on time
- 4) In lots of different weather lorry drivers need to go
Even sometimes in winter in the snow
With not a bit of hesitation
They always promise to reach their destination
- 5) We owe all these large vehicle drivers a big thank-you
For keeping well stocked me and you
Without them for people and businesses things wouldn't be as nice
And we'd be paying a very big price
