

No Harm On The Farm

- 1) Seeing to the crop
The farmer doesn't stop
He's also busy each day
Working on the hay

- 2) Also don't ask me how
But he milks many a cow
And as the air does tell
He sees to many a pig with a smell

- 3) On the tractor he drives around
Keeping crops safe and sound
For his fields, he likes to have some sun and rain
Time and time again

- 4) He lives in a nice farmhouse
That is haunted by a mouse
But he has a very good life
Supported by his wife
