

Putting My Foot Down

- 1) There's a hole in my shoe
What should I do
With many a puddle on the street
I could get wet my feet

- 2) Yes whatever it is I choose
I need a new pair of shoes
Get some others I ought ta
Before in these I get some water

- 3) I'd better put my foot down
And stop feeling like a clown
To quite many a shop
I may soon need to pop

- 4) Now into the shops I've gone
I've tried quite a few shoes on
And found some that are nice
For a pretty cheap price
