

School Characters

- 1) You get many a character when at school
From a nice child to a fool
Many that mess about
At which the teachers shout
- 2) You get those who work really hard
With due regard
And ones that laze in class
So their exams they never pass
- 3) There are kids that bully others
Need to be told off by their mothers
And those that are polite
To everyone's delight
- 4) In class they're taught a lot
Of what to do, and not
Though each and every day
You get those that don't obey
- 5) Teachers each have a hard mission
Of giving good tuition
To help children learn a lot
Waste their time definitely not
