

The Gypsies

- 1) The Gypsies are forever touring the UK
Staying somewhere else each day
Then without any delay
They're going on their way
- 2) In different fields they park many a caravan
Before they unfortunately face a ban
And make a move when they can
Before once more getting stuck in a traffic jam
- 3) Without a single doubt
These Gypsies get to know the UK inside-out
Though sometimes they need sorting out
When from where they're lodging comes plenty a shout
- 4) Wherever it is they stay
Some Gypsies give other people fortune telling each day
Making lots of them go on their way
Thinking of their reading 'hip hip hip hip hurray'
- 5) In a caravan and car
These Gypsies travel near and far
Occasionally having a drink in a countryside based bar
Before once more saying 'tarrar'
