

The Heroes Batman and Robin

1. Bruce Wayne through having his parents killed at a young age
Was to grow up into a crime fighting stage
Becoming Batman he wanted evil a thing of the past
Completely over with at last
2. Batman and soon to be found friend Robin did what they could
To have crime in Gotham City as rare as it should
Because yes without a single doubt
They were here to help the Police out
3. Don't ask me at all why
But the Cat-woman was pretty sly
Also the Penguin is said to be a wicked fella
Always getting up to mischief while carrying his umbrella
4. The caped crusaders had to get to unlawful incidents in a dash
Whilst in the bat-mobile trying to avoid having a crash
When it comes to the Joker
As laughing he's always cheating at poker
5. Without Batman and Robin we'd be in trouble yes
They're heroes of this City or so I guess
Keeping everything safe on many a street
Getting in Prison all the different criminals who are facing defeat
