

The Police

- 1) The Police are always being worn off their feet
Being kept busy on their beat
Out to prevent crime
Get to robberies on time
- 2) To get rid of people who are a pest
They make very many an arrest
To put trouble-makers away in jail
Not long after being out on bail
- 3) Also to help out many a pedestrian
They handle many a traffic congestion
Making sure no-one goes in a dash
Or they'll just have a crash
- 4) To solve mysteries for me and you
Police are always looking for a clue
To before much time is gone
Find and arrest the guilty one
- 5) So everyone just stay calm
The Police will keep you from harm
Solving your problems with-out delay
On each and every day
