

This Evening

- 1) It's usually quite nice
To buy some rice
For a cheap price
To maybe have with a cup of ice

- 2) Then after having something to eat and drink
I'll have a quick think
Before putting dishes in the sink
Followed by doing some writing with my ink

- 3) Even when on my own
I feel quite relaxed at home
Occasionally using my phone
Before in my coat pocket it is thrown

- 4) Well it's been a good day
Which has flown by without any delay
Now having not much more to say
I think I'll go to bed 'hip hip hurray'
