

## Together Keeping Afloat

- 1) Whilst wearing a nice and warm coat  
I once went out on a boat  
Which was quite well keeping afloat  
As I had a brew for my bad throat
  
- 2) To be seen on a near island was a goat  
That appeared to eating some oat  
About which with interest we all wrote  
Without any form of gloat
  
- 3) On this trip everyone made many a note  
Making the different sentences together float  
For the best writer there to be a vote  
And the overall prize winner someone quote
  
- 4) The touring winning writer was Mr Yoat  
Who had totally a large amount wrote  
Including a bit about the goat  
That when passing by lots of people did note
