

Travelling On The Bus

- 1) Waiting for the bus
Are all of us
Because our car has broken down
In that we've got to go to town

- 2) Here it comes
Time to wave our thumbs
And hopefully it will stop
Then onto it us pop

- 3) Now it's time to take a seat
Having us paid for our receipt
Giving our bus driver some cash
Who said he's in a dash

- 4) Looking out the window side
It's now time for a ride
We'll soon be out the bus hopping
And doing all our shopping

- 5) Now we've reached the town centre
We'll do all that we're meant ta
Then get the bus back home
On which you never travel alone
