

Valued Friendship

- 1) I'm a good leader and organiser without a single doubt
And for plenty a friend often sorting different things out
I'm also an all-round creative writer
Who's each day getting brighter

- 2) I often give my friends the medicine of laughter
With jokes that are sometimes getting dafter
Because I have a G.S.O.H.
And that's not just a rumour

- 3) In the summer hip hip hurray
We can together have a nice holiday
And whilst having a friendly talk
Go for a countryside walk

- 4) Then just like we ought
We can play a bit of sport
And for the shuttlecock giving a shout
Have each other running about

- 5) Together playing badminton
Me and my friends have quite a bit of fun
We can then have a meal, drink and chat
Whilst trying to not again get too fat

- 6) Going through many different life stages
Me and John have known each other for ages
And both covered oh quite a distance
To one another come of great big assistance
