

With A G.S.O.H. Have A Laugh

- 1) Most people have a G.S.O.H.
And that's not just a rumour
From many a lady and bloke
You hear plenty a joke

- 2) Some cracks have everyone full of laughter
Whilst others are getting dafter
With Comedians most are very funny
But a few aren't worth the money

- 3) It's not just when we're a girl or boy
That we have lots of humour and joy
It isn't just a riddle to say
That even some grown people giggle each day

- 4) Always there's many a joke book
At which to have a look
That has people struggling with the stitches
Making their body full of sweat and itches
