

## Witty Poet Paul Wilkins

- 1) Paul is a very witty poet  
And now you've come to know it  
He also has a G.S.O.H.  
And that's not just a rumour
  
- 2) Paul's really an all-round creative writer  
Whose each day getting brighter  
As well as poems he writes many a lyric, affirmation, carol and hymn  
In an attempt to stop lots of people from looking just grim
  
- 3) Whilst his cleverness is remaining  
Paul will try and continue to be quite entertaining  
He's also often bringing out lots of laughter  
With his jokes getting just a little bit dafter
  
- 4) Paul also in Psychology is very clever  
To succeed in life being his endeavour  
He's covered oh quite a distance  
To with other people come of some good assistance
  
- 5) Paul is still living alone  
In a small house of his own  
Though one day soon he may find a wife  
Who could completely even more brighten up his life
