

## 140 Years Of The Children's Society

- 1) The Children's Society is now 140 years old  
Or so I've been told  
Set up by Edward Rudolf in 1881  
Before much time had gone
- 2) It was firstly the C of E Children's Society  
To be seen by you and me  
Which many churches still help out  
And do so often without a doubt
- 3) Now The Children's Society is a Children's Charity of the UK  
Rescuing neglected children day after day  
Trying to help them cover oh quite a distance  
By coming of great big assistance
- 4) To bring a large grin to plenty a young child's face  
Each year lots of fund raising takes place  
With a charity shop here and there  
And very generous people who have a regular donation to spare
- 5) We all hope The Children's Society will continue going for a while  
Bringing to children and young people a smile  
Helping lots of them in life do much better  
And no longer be any form of a regretter
