

150 Years Of The FA Cup

- 1) The Football Association Challenge Cup was first played in season 1871-1872
A long time ago for me and you
Whilst being given lots and lots of cheers
Now been going for a total of 150 years
With all teams yearly saying 'We should shake them up'
'And win the FA Cup'

- 2) 44 different teams have now won the FA Cup
By in the final shaking the opposition up
Which bringing a smile to many a face
Has at Wembley Stadium regularly taken place
With all teams yearly saying 'We should shake them up'
'And win the FA Cup'

- 3) Last year Leicester City F.C. won it yes
Though this season the trophy's going to Liverpool F.C. or so I guess
Who in the 2021-2022 FA Cup
In the final, after a penalty shoot out, shook Chelsea up
With all teams yearly saying 'We should shake them up'
'And win the FA Cup'

- 4) Arsenal have won the FA Cup the most
During which Manager Arsene Wenger has had plenty a good toast
With Man United holding the next overall best record
Though all the different winners, also qualifying for the UEFA Europa League, are to be applauded
With all teams yearly saying 'We should shake them up'
'And win the FA Cup'

- 5) The FA Cup is the World's oldest national football competition
That lots of clubs have set out to win as their mission
With not extremely too long ago
All the different finalists singing a team song on the radio
With all teams yearly saying 'We should shake them up'
'And win the FA Cup'
